

DATE: 21 Nov 72

TO: Vice Admiral Vincent P. de Poix
Director
FROM: Defense Intelligence Agency

SUBJECT: Situation Maps

REMARKS:

1. Attached for your private information and use is one copy (i. e., set) of the map package delivered to Dr. Kissinger on 18 November plus a copy of the note by which I sent a set to Secretary Laird.

2. The cooperation of your associates who helped on this project was outstanding, without it the project could not have been completed. Would you please pass along my thanks to those who participated.

3. For obvious reasons, I am trying to hold to an absolute minimum the number of these sets in circulation. Three were delivered to the White House, one has gone to Secretary Laird and one to you. There has been no other distribution, nor do I plan any additional distribution at this time. You may want to show your set to Admiral Moorer.
